

Transportation Authority of Marin (TAM)

## Central and Southern Marin Transit Study

# Workshop

March 26<sup>th</sup> 2009 6:00pm-7:00pm

Board of Supervisors Chambers, Room 330

Marin Civic Center, 3501 Civic Center Dr

San Rafael, CA 94903

### About the Workshop

The workshop provides an opportunity for stakeholders and the public to review and comment on the draft findings of the Central and Southern Marin Transit Study.

Participants will hear first-hand, the Study findings and meet with the consultant team members and staff of the transit agencies. Specifically, participants will be asked to review the proposed transportation improvements and the evaluation criteria and to comment on the prioritization of the improvements.

There will be a short presentation on the Study findings and draft list of improvements, with a follow up question and answer discussion. Explanatory boards of the key study themes and findings will be available. Comment cards will be provided for participant input on the of draft list of improvements. Transit agency and consultant team staff will also be available to answer questions. Further information is available from:

### About the Central and Southern Marin Transit Study:

The Study commenced in fall 2008, is scheduled for completion in spring 2009 and is jointly funded by the Golden Gate Bridge District, Marin County Transit District and TAM. The purpose of the study is to:

1. Develop an incremental program of feasible and fundable improvements to U.S. 101-oriented trunk line bus service and connections to arterial east-west services in the Ross Valley and areas of the county south of San Rafael.
2. Identify opportunities for transit to serve as effective feeders for both ferry and regional commute bus services.
