

Public Records Act Request Form

The California State Legislature adopted the Public Records Act in 1975. It is designed to give the public access to information in possession of public agencies. The Act also provides that public records shall be open for inspection during regular office hours of the agency. The public can inspect any record unless the record is exempted from disclosure under the act.

To assist with your request, please identify each requested record/document. Please be as specific as possible. Non-specific inquiries may cause response to be delayed while your request is further defined.
