Zoom Meeting Protocols - Hybrid Meeting

We are pleased to be convening the Community Working Group and continue our interaction regarding this important local project. We recognize that the Zoom format is not ideal but will allow us to form a better understanding of community interests and priorities. Any CWG and project team members attending the Zoom Webinar virtually will join as panelists and will contribute comments throughout the meeting. The public will be able to listen to the meeting, ask clarifying questions during the presentation, and provide comments during the public comment agenda item.

Here's how to participate on Zoom:

Meeting Host will:

1. Place everyone on **MUTE** and keep everyone on **MUTE** to reduce background sounds and distractions.
2. Public participants may ask clarifying questions via **CHAT to Panelists feature** and the project team will do their best to address them during the meeting.

To Make Public Comments

There are several ways to make public comments during the meeting:

1. During the "Public Comment" period noted on the agenda, if watching the meeting online, please use the **RAISE HAND** feature and the Meeting Host will call on you and unmute you so you can make a comment. We will limit comments to 3 minutes. The RAISE HAND feature is located on your Zoom controls toolbar. On a phone, the RAISE HAND is accessed by pressing *9.
2. Public comments may also **be submitted in advance** to info@marin101-580.com.

Requests for special accommodation (assisted listening device, language interpreters, etc.) should be directed to Jennifer Doucette at 415-226-0820 or email: jdoucette@tam.ca.gov, no later than 24 hours before the meeting time.
